Job Description

Vintmark Travel Agency in Poland is currently seeking farm workers to join their team abroad. This role involves various tasks such as planting, harvesting, and maintaining crops, as well as caring for animals on the farm. Ideal candidates should have experience in agricultural work, a strong work ethic, and the ability to work well in a team. This position offers competitive pay and the opportunity to work in a dynamic, hands-on environment. Interested applicants should have a passion for agriculture and a commitment to producing high-quality crops and livestock.

Education & Experience

For the farm worker position at AgroTravel Agency in Poland, the qualifications and experience criteria typically encompass: Qualifications: A secondary school diploma or its equivalent is generally expected. While not mandatory, additional certifications or training in agricultural practices and safety protocols may be advantageous. Experience: Candidates should ideally possess prior experience in farm work, preferably in roles involving crop cultivation, livestock care, or agricultural machinery operation. Experience in customer service can also be beneficial, demonstrating the ability to interact effectively with clients. Licensing: A valid Polish driver's license is essential, particularly if the role involves operating agricultural vehicles or machinery. Possessing any additional certifications related to agricultural machinery operation could enhance the candidate's suitability for the position. These requirements are aimed at ensuring that farm workers are adequately equipped to fulfill their responsibilities, emphasizing safety, proficiency in agricultural tasks, and the ability to provide satisfactory service to clients.

Must Have

For the farm worker position at Harvest Fields Poland, the essential requirements are as follows: Valid Driver's License: Necessary for legally operating farm vehicles and machinery. Clean Driving Record: Indicates trustworthiness and accountability in handling farm equipment. Excellent Communication Skills: Crucial for effective collaboration with colleagues and supervisors. Strong Knowledge of Agricultural Practices: Ability to efficiently carry out tasks related to planting, harvesting, and maintenance of crops. These requirements are vital for performing the job effectively and ensuring the productivity and success of the farm operations.
